

# ATENDECHAT - CHATBOT

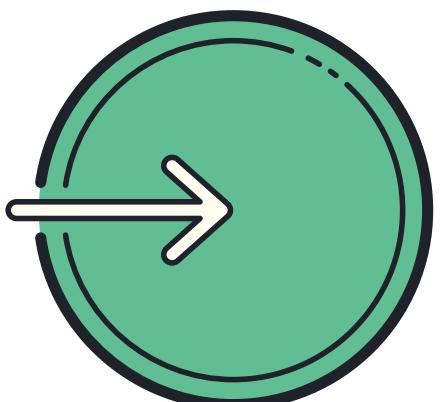

A screenshot of the atendechat dashboard. The top navigation bar includes the brand logo, a user greeting ("Olá Admin, Bem vindo a Empresa 1!"), and various system icons. On the left, a sidebar menu lists features like Kanban, Respostas Rápidas, Tarefas, Contatos, Agendamentos, Tags, Chat Interno, Ajuda, Administração, Campanhas, Fluxos, Informativos, Open.Ai, Integrações, Conexões, Lista de arquivos, Filas &amp; Chatbot, Usuários, API, Financeiro, and Configurações. A red arrow points to the "Configurações" button, which is highlighted with a green background and the version number "8.0.1". The main content area displays real-time statistics in purple boxes: "Em conversa" (0), "Aguardando" (0), "Finalizados" (0), "Novos contatos" (0), "T.M. de Conversa" (00h 00m), and "T.M. de Espera" (00h 00m). Below these are filters for "Tipo de Filtro" (set to "Filtro por Data") and date ranges ("Data Inicial: 01/02/2025" and "Data Final: 31/12/2025"). A table shows user details: "Admin" with a 3-star rating and "00h 00m" service time. At the bottom, there's a chart titled "Total de Conversas por Usuários" with two dates: "Início: 31/12/2025" and "Fim: 31/12/2025", and a "Filtrar" button.
